Simporianus Sijin Karwayu, 16.75.5969. **Dampak Kegiatan Doa Bersama Dalam Keluarga Terhadap Perkembangan Iman Anak Di SDK Natarmude.** Skripsi. Program sarjana, Program Studi ilmu Filsafat Agama Katolik, Institut Filsafat Dan Teknologi Kreatif Ledalero. 2023.

Penulisan skripsi ini bertujuan untuk (1) menjelaskan konsep doa bersama dalam Keluarga Kristiani, (2) menjelaskan gambaran umum doa bersama dalam Keluarga Kristiani di Natarmude, dan (3) menjelaskan dampak kegiatan doa bersama dalam keluarga bagi perkembangan iman anak di SDK Natarmude Paroki Boganatar.

Metode yang digunakan dalam penulisan skripsi ini adalah metode penelitian kepustakaan dan penelitian lapangan. Dalam wawancara lapangan, penulis mewawancarai orang-orang tertentu sebagai narasumber dengan memberikan angket guna mendapat informasi terkait dampak kegiatan doa bersama dan perkembangan iman anak. Sedangkan dalam metode kepustakaan, penulis meramu banyak informasi lewat buku-buku, majalah, kamus, ensiklopedia dan sumber-sumber lainnya.

Hasil penelitian yang dilakukan penulis menunjukkan bahwa terdapat tiga dampak dominan dari kegiatan berdoa bersama dalam keluarga bagi para peserta didik, yakni (a) membuat mereka semakin berakar dalam iman, (b) bertekun dalam harapan, dan (c) hidup serta beramal seturut kasih Kristiani.

Berdasarkan hasil penelitian, penulis menyimpulkan bahwa dalam meningkatkan perkembangan iman anak, perlu ada keseimbangan antara pemupukan kapabilitas spritual (melalui proses pendidikan) dengan keberfungsian kapabilitas itu dalam pengalaman konkret, seperti kebebasan berekspresi, ketersediaan fasilitas ekonomi, kesempatan sosial, jaminan transparansi, dan jaminan keamanan.

## ABSTRACT

Simporianus Sijin Karwayu, 16.75.5969. **The Impact Of Communal Prayer In The Family For The Development of Children's Faith at SDK Natarmude** . Thesis. Undergraduate program, Catholic Religious Philosophy Study Program, Ledalero Institute of Philosophy and Creative Technology. 2023.

Writing this thesis aims to (1) explain the concept of collective prayer in the Christian Family , (2) explain the description general prayer together in Christian Families in Natarmude , and (3) explaining the impact of joint prayer activities in the family for the development of children's faith in SDK Natarmude Boganatar Parish .

The method used in writing this thesis is a method of library research and field research. In a field interview , the author interviewing certain people as resource persons by giving questionnaires to obtain information regarding the impact of joint prayer activities and the development of children's faith. Whereas in the library method, the writer gathers a lot of information through books, magazines, dictionaries, encyclopedias and other sources .

The results of the research conducted by the author show that there are three dominant effects of praying together in the family for students, namely (a) making them more deeply rooted in faith, (b) persevering in hope, and (c) living and doing charity according to Christian love .

Based on the results of the research, the authors conclude that in enhancing the development of children's faith, there needs to be a balance between cultivating spiritual capabilities (through the educational process) and the functioning of these capabilities in concrete experiences, such as freedom of expression, availability of economic facilities, social opportunities, guarantees of transparency, and guarantees of security. .
