Penelitian ini bertujuan untuk (1) mendeskripsikan karakteristik sosial, budaya, dan ekonomi masyarakat Desa Kletek serta kearifan lokal yang membentuk identitas mereka; (2) mendefinisikan ritus *Haleka Tebok* dan menganalisis unsur-unsur yang terlibat dalam pelaksanaannya; (3) mengeksplorasi relevansi ritus *Haleka Tebok* dalam kehidupan spiritual umat Katolik di Desa Kletek serta kontribusinya dalam memperkuat penghayatan iman mereka. Penelitian ini menggunakan pendekatan kualitatif dengan metode studi kepustakaan dan penelitian lapangan, termasuk observasi serta wawancara dengan pemangku adat dan penatua di masyarakat Desa Kletek.

Hasil penelitian menunjukkan bahwa ritus *Haleka Tebok* memiliki nilai sosial, budaya, dan religius yang tinggi. Ritus ini memperkuat ikatan sosial, melestarikan warisan budaya, serta menjadi sarana spiritual masyarakat dalam menjalin hubungan dengan leluhur dan Sang Pencipta. Namun, modernisasi telah menyebabkan pergeseran persepsi terhadap ritus ini. Sebagian masyarakat mulai menganggapnya bertentangan dengan ajaran Katolik. Oleh karena itu, pendekatan pastoral yang lebih kontekstual diperlukan agar umat dapat memahami dan mengapresiasi nilai budaya lokal tanpa mengabaikan ajaran agama.

## ABSTRACT

Adam Yordan Leki Tamukun. 21.75.56976. *The Meaning of the Haleka Tebok Ritual in the Kletek Village Community and Its Relevance to the Faith Experience of Catholic Believers*. Thesis. Bachelor's Program, Study Program of Catholic Religious Philosophy, Institute of Philosophy and Creative Technology Ledalero. 2025.

This study aims to (1) describe the social, cultural, and economic characteristics of the Kletek Village community, as well as the local wisdom that shapes their identity; (2) define the *Haleka Tebok* ritual and analyze the elements involved in its implementation; (3) explore the relevance of the *Haleka Tebok* ritual in the spiritual life of Catholic believers in Kletek Village and its contribution to strengthening their faith experience. This research employs a qualitative approach, utilizing literature studies and field research methods, including observations and interviews with traditional leaders and elders in the Kletek Village community.

The findings indicate that the *Haleka Tebok* ritual holds significant social, cultural, and religious value. This ritual strengthens social bonds, preserves cultural heritage, and serves as a spiritual medium for the community to connect with their ancestors and the Creator. However, modernization has led to shifts in perception regarding this ritual, with some members of the community beginning to view it as conflicting with Catholic teachings. Therefore, a more contextual pastoral approach is necessary to help the faithful understand and appreciate local cultural values without neglecting religious teachings.
