ABSTRACT

Fransiskus Borgias Bop Dala. *The Apostolic Work of the Family Union of Santa Anna Parish of St. Vincentius a Paulo Ratesuba from the Perspective of the Decree Apostolicam Actuositatem and its Relevance for Strengthening Family Pastoral*. Thesis. Undergraduate Programme, Philosophy Study Programme, Ledalero Institute of Philosophy and Creative Technology, Maumere, 2025.

This research aims to, (1) explain and examine the concept of family apostolate in the Apostolicam Actuositatem decree; (2) explain and examine the work of the Society of Saint Anne of Saint Vincent de Paul in the Ratesuba parish in family apostolate; and (3) analyse the work of the Society of Saint Anne of Saint Vincent de Paul in family apostolate based on the Apostolicam Actuositatem decree, and to determine its relevance in strengthening family pastoral care.

The present research employs a dual-pronged approach, encompassing both a comprehensive review of extant literature and empirical field studies. The present literature study was conducted by collecting various concepts, theories, and literature data from a range of sources, while the field study was conducted by collecting data through interviews and participatory observation. The collected data will be analysed through the lens of the Apostolicam Actuositatem decree. The object of study is the apostolic work of the family of the Society of Santa Anna of St. Vincentius A Paulo Ratesuba Parish.

The results showed that, from the perspective of the Apostolicam Actuositatem Decree, the Santa Anna Society of St Vincent A Paulo Ratesuba Parish has actively participated in family apostolic work. The family apostolic work they have carried out is (1) to be apostles to the family, (2) to lead the family to unity with Christ, (3) to promote the spiritual life of the family, (4) to proclaim Christ in the family, (5) to fulfil the roles and responsibilities of wives and mothers in the family, (6) to teach the family values and virtues in society, (7) to lead the family to imitate Saint Anna and Saint Mary, and (8) to be apostles to other families. Their apostolic work in the family is relevant to the strengthening of family pastoral, namely (1) to provide a solid foundation for the implementation of family pastoral, (2) to be a continuation of family pastoral, (3) to help priests and family pastoral agents in the fulfilment of their duties and roles so that family pastoral can be effective.
