Vinsensius Mbeti, *Menelaah Efektivitas Peran Dewan Pastoral Paroki dan Relevansinya Terhadap Perkembangan Iman Umat Di Paroki Yohanes Maria Vianney-Magepanda*. Skripsi. Program Serjana, Program Studi Filsafat Katolik, Sekolah Tinggi Filsafat Katolik Ledalero – Maumere 2021.

Penelitian ini bertujuan untuk (1) memenuhi sebagian dari syarat-syarat dalam rangka memperoleh gelar sarjana Filsafat pada STFK Ledalero, dan (2) untuk menelaah efektif dan tidaknya peran Dewan Pastoral Paroki, Paroki St. Yohanes Vianney Magepanda dalam hidup menggereja yang kemudian berdampak pada perkembangan iman umat yang ada dalam paroki tersebut.

Metode yang dipakai dalam penelitian ini adalah metode deskriptif Kualitatif dengan dua instrumen pengumpulan data yakni instrumen wawancara dan instrumen analisa kepustakaan. Objek yang diteliti adalah Peran Dewan Pastoral Paroki (DPP) Paroki St. Yohanes Maria Vianney Magepanda dan Relevansinya Terhadap Perkembangan Iman Umat di paroki tersebut. Wujud data dalam penelitian ini berupa kata, frasa dan kalimat yang terdapat dalam Dewan Pastoral Paroki. Teknik yang digunakan penulis dalam mengumpulkan data adalah teknik interaktif dan non-interaktif. Pada teknik interaktif, proses pengumpulan data dilakukan dengan cara mewawancarai narasumbernya sedangkan pada teknik non-interaktif proses pengumpulan data dilakukan dengan cara menganalisis isi buku, Kamus, Ensiklopedia, Dokumen Gereja dan sumber tertulis lainnya. Langkah yang digunakan dalam teknik interaktif ditempuh dengan wawancara, sedangkan teknik non-interaktif ditempuh dengan membaca dan menganalisis data dari berbagai sumber tertulis untuk mendukung karya ini.

Berdasarkan hasil penelitian dan setelah ditelaah oleh penulis maka, dapat disimpulkan bahwa permasalahan kurang efektifnya peran Dewan Pastoral Paroki (DPP) pada Paroki St. Yohanes Maria Vianney Magepanda adalah akibat dari kurangnya pemahaman mereka terhadap perannya. Pada umumnya Dewan Pastoral Paroki memahami dirinya sebagai badan yang bersama pastor paroki untuk mengambil keputusan, bukan sebagai dewan konsultatif yang berperan menyalurkan aspirasi umat kepada pastor agar dapat mengambil keputusan sesuai kebutuhan umat. Akibat dari kesalahpahaman terhadap perannya sebagai dewan konsultatif inilah yang menyebabkan intensitas perkembangan umat menjadi statis. Maka sebagai jalan keluar dari persoalan ini, penulis berpikir sebelum dilantik menjadi Dewan Pastoral Paroki, hendaknya pastor paroki bersama rekannya hendaknya membekali Dewan Pastoral Paroki dengan pelatihan dan pendampingan secara pendalam serta memberi pemahaman tentang perannya secara intensif kepada mereka agar depannya permasalahan yang demikian dapat diminimalisirkan atau bila perlu tidak terulang kembali.

**Kata Kunci:** Dewan Pastoral Paroki (DPP), Dewan Konsultatif, dan perkembangan iman umat

Vinsensius Mbeté, *Observe the Effective of the Responsibilities Under the Parish Pastoral Council and the Relevant of the Development for the Faith of the People of God in the Parish St. John Marry of Vianney Magepanda*. Thesis. Under Degree Program for the study of Philosophy in Ledalero - Maumere 2021.

The purpose of this research is (1) to fulfill some of the requirements in order to obtain a bachelor's degree in Philosophy at STFK Ledalero, and (2) to examine whether or not the role of the Parish Pastoral Council, St. Parish is effective or not. Yohanes Vianney Magepanda in the life of the people of God, which then has the relevant of the development for the faith in the parish.

This research using the descriptive qualitative method descriptive qualitative method with two instruments for collecting files, namely the interview instrument and the library analysis instrument. The object studied was the role of the Parish Pastoral Council of St. Yohanes Maria Vianney Magepanda and the relevant of the Development for the Faith of the people of God in the Parish. The form of data in this research is based on the form of words, phrases and sentences contained in the Parish Pastoral Council. The techniques used by the writer in collecting data are interactive and non-interactive techniques. In interactive techniques, the data collection process is carried out by interviewing the sources, while in non-interactive techniques the data collection process is carried out by analyzing the contents of books, dictionaries, encyclopedias, Church documents and other written sources. The step used in the interactive technique is taken by interviewing, while the non-interactive technique is taken by reading and analyzing data from various written sources to support this work.

Based on the results of the research and after reviewed by the writer, it may concluded that the problem is the ineffective role of the Parish Pastoral Council in the Parish of St. Yohanes Maria Vianney Magepanda. However as they play their role as a pastoral council there were miscommunication between the parish priest and pastoral council because they were not able to identify their task. The pastoral council needs to have wise understanding in making decision. In general, the pastoral council have different understanding about their task and the task of the parish priest, particularly in making a decision. This case appears because of the misunderstanding of their roles for the developments of the faith among the people of God become static. Resulting of this role as a consultative council, this caused the intensity of the development for the faith of the people become static. The writer thinking that the way out of this issue is before being appointed, to the Parish Pastoral Council, the parish priest and his colleagues should lead them with training and mentoring in a deepening manner. It gives an intensive understanding of its role to them so that in the future such problems may minimized or if necessary not repeated.
