| 1  | Dalam <i>lectio divina</i> , saya membaca Kitab Suci dengan penuh perhatian, hormat, perlahan, dan teliti sambil mendengarkan teman lain membaca untuk kelompok <i>lectio divina</i> serta berusaha menangkap pesan Sabda Allah. |                 |    |   |    |
| 2  | Saya membaca Kitab Suci dalam suasana doa dan dengan kesadaran bahwa Tuhan sedang berbicara kepada saya.   |                 |    |   |    |
| 3  | Saat membaca, saya mengerti apa yang dikatakan teks Kitab Suci dan saya menemukan  |                 |    |   |    |

|    |   |  |  |  |
|----|---|--|--|--|
|    | kata, frasa, kalimat atau ayat yang menyentuh.  |  |  |  |
| 4  | Saya membaca Kitab Suci dengan rendah hati, sabar, dan tekun dalam keheningan sambil bertanya apa maksud yang hendak disampaikan teks.  |  |  |  |
| 5  | Saya membaca teks Kitab Suci tidak hanya satu kali untuk lebih memahami maksud teks sehingga saya semakin akrab dengan Kitab Suci karena sering membacanya dan semakin mencintai Allah yang bersabda melalui teks Kitab Suci. |  |  |  |
| 6  | Saya membaca dan merenungkan Kitab Suci dengan sedikit lebih cepat sehingga bisa menyelesaiannya dan menghemat waktu.   |  |  |  |
| 7  | Jika dibuat sebuah pilihan, saya lebih memilih untuk membaca buku-buku lainnya dibandingkan membaca Kitab Suci.   |  |  |  |
| 8  | Kata-kata atau ayat-ayat dalam Kitab Suci yang saya baca kurang menyentuh hati saya dan bagi saya pesan teks Kitab Suci sulit saya mengerti.  |  |  |  |
| 9  | Saya membaca Kitab Suci hanya untuk memenuhi aturan atau tuntutan dalam komunitas.  |  |  |  |
| 10 | Menurut saya, membaca teks Kitab Suci satu kali saja sudah membosankan apalagi dua atau tiga kali atau berulang-ulang.  |  |  |  |
| 11 | Ketika masuk pada tahap meditasi dalam <i>lectio divina</i> , saya merenungkan apa yang disabdakan Allah untuk saya secara pribadi setelah saya membaca teks.   |  |  |  |
| 12 | Dalam meditasi saya menyimpan Sabda Allah di dalam hati dan merefleksikannya berulang-  |  |  |  |

|    |  |  |  |  |
|----|--|--|--|--|
|    | ulang terutama Sabda Allah yang menyentuh.   |  |  |  |
| 13 | Saat meditasi, saya mengulang kata-kata atau ayat sambil bertanya untuk menemukan kebenaran di baliknya.   |  |  |  |
| 14 | Sambil merenungkan Sabda Allah, saya meminta bantuan Roh Kudus agar memberi pengertian untuk memahami teks yang sedang saya renungkan.   |  |  |  |
| 15 | Dalam meditasi saya dihantar untuk melihat dosa-dosa saya, menyesal, dan memohon ampun kepada Tuhan.   |  |  |  |
| 16 | Dalam meditasi saya lebih suka mengkhayal atau memikirkan hal lain selain teks Kitab Suci yang dibaca saat <i>lectio divina</i> karena itu sangat menyenangkan bagi saya.                          |  |  |  |
| 17 | Dalam meditasi saya hanya menutup mata dan terdiam.  |  |  |  |
| 18 | Saya merasa bahwa saya tidak perlu mengajukan pertanyaan-pertanyaan tentang kebenaran dalam meditasi sesuai dengan teks Kitab Suci karena saudara-saudara lain yang akan menerangkan kebenarannya. |  |  |  |
| 19 | Meditasi merupakan saat yang baik bagi saya untuk merenungkan masa depan saya.   |  |  |  |
| 20 | Saya tidak perlu melihat dosa-dosa saya, menyesal, dan mohon ampun karena percaya kepada Tuhan saja sudah cukup bagi saya.   |  |  |  |
| 21 | Pada tahap doa atau <i>oratio</i> , saya berdoa seturut kehendak Allah dalam teks yang sudah direnungkan.  |  |  |  |
| 22 | Dalam doa saya menyerahkan akal budi, kehendak, dan hati saya kepada Tuhan karena  |  |  |  |

|    |   |  |  |  |
|----|---|--|--|--|
|    | dalam doa saya yakin bahwa Allah sungguh hadir.   |  |  |  |
| 23 | Doa menghantar saya pada komitmen untuk bertobat dan berubah.   |  |  |  |
| 24 | Saya berdoa dengan tenang dalam suasana hening dan berdialog dengan Tuhan.  |  |  |  |
| 25 | Bagi saya doa mampu memberi saya semangat yang baru dan saya menjadi lebih tenang dalam menghadapi segala situasi.  |  |  |  |
| 26 | Dalam doa saya selalu mengungkapkan banyak permohonan yang sudah saya siapkan supaya Tuhan mendengarkan dan mengabulkan semuanya.   |  |  |  |
| 27 | Menurut saya, Tuhan hadir pada saat tertentu saja ketika saya berdoa untuk meminta bantuan-Nya dalam menghadapi masalah karena tidak setiap saat saya berdoa dan Tuhan hadir untuk mendengarkan saya. |  |  |  |
| 28 | Doa tidak mengubah saya menjadi lebih baik karena saya masih saja berbuat dosa sehingga saya tidak perlu terus-menerus berdoa.  |  |  |  |
| 29 | Saya menjalankan doa dengan baik supaya para formator merasa senang dan bangga pada saya karena saya bisa mengikuti kegiatan doa bersama untuk memenuhi acara harian komunitas sebagai rutinitas.     |  |  |  |
| 30 | Namun, saya juga merasa bosan berdoa karena Tuhan belum menjawab permohonan-permohonan saya.  |  |  |  |
| 31 | Dalam kontemplasi saya belajar melihat segala sesuatu dengan mata Allah dan mencintai dengan hati Allah.  |  |  |  |

|    |   |  |  |  |
|----|---|--|--|--|
| 32 | Saya mulai menyadari bahwa Sabda Allah adalah terang bagi jalan hidup saya.   |  |  |  |
| 33 | Saya disadarkan untuk selalu hidup bersumber dan berpaut pada Kristus.  |  |  |  |
| 34 | Saya memiliki pandangan dan cara hidup baru setelah mendalami dan merenungkan Sabda Tuhan.  |  |  |  |
| 35 | Saya mengalami perubahan dalam sikap dan tingkah laku karena disadarkan oleh Sabda Tuhan.   |  |  |  |
| 36 | Ketika mengalami persoalan, saya sulit mencari jalan keluar melalui Sabda Tuhan dalam Kitab Suci karena lebih baik langsung melupakannya.           |  |  |  |
| 37 | Saya berusaha agar hati saya tetap terarah pada dunia sebagai sumber dan tujuan panggilan saya.   |  |  |  |
| 38 | Saya menemukan bahwa ada hal-hal yang tidak sesuai dengan kehendak saya dalam hidup berkomunitas sehingga saya harus melawan atau menghindarinya.   |  |  |  |
| 39 | Saya lebih suka dan nyaman dengan pola hidup yang saya bangun sendiri.  |  |  |  |
| 40 | Perubahan dan pertobatan itu tidak penting bagi saya saat ini karena bisa dilakukan nanti apalagi ketika saya tidak berbuat hal-hal buruk dan dosa. |  |  |  |

| 19 | Saya ingin membantu saudara yang mengalami masalah, tetapi saya takut kalau saya juga terseret masalahnya.   |  |  |  |
| 20 | Saya lebih nyaman untuk terbuka kepada Tuhan daripada kepada saudara yang lain karena saya tidak percaya mereka.   |  |  |  |
| 21 | Saya akan bereaksi jika saudara yang lain menunjukkan sikap atau perilaku yang tidak sesuai dengan kehendak saya.  |  |  |  |
| 22 | Menurut saya, bergaul dengan saudara yang berasal dari daerah atau sekolah yang sama itu menyenangkan.   |  |  |  |
| 23 | Saya mau membantu saudara yang lain, tetapi ketika saya membutuhkan bantuan mereka tidak mau membantu sehingga saya juga berpikir dua kali dalam membantu. |  |  |  |
| 24 | Saya ingin mengunjungi saudara yang sakit, tetapi takut tertular sehingga lebih baik mendoakannya.   |  |  |  |
| 25 | Saya menjadi pribadi yang mandiri, dewasa, dan bersemangat.  |  |  |  |

- a. Predictors: (Constant), *Lectio Divina*

Bagian ini menggambarkan derajat keeratan hubungan antarvariabel.

- Angka R sebesar 0,625 (a) menunjukkan bahwa korelasi atau hubungan antara perkembangan spiritual dengan *lectio divina* adalah kuat karena  $0,625 > 0,5$ .
- Angka R Square atau Koefisien Determinasi adalah 0,391 yang berasal dari  $0,625 \times 0,625$ . Ini berarti 0,391 atau 39,1% variasi dari perkembangan spiritual dapat dijelaskan oleh variasi dari variabel independen, yaitu *lectio divina*, sedangkan sisanya 60,9% dijelaskan oleh sebab-sebab yang lain.

a. Dependent Variable: Perkembangan Spiritual

b. Predictors: (Constant), *Lectio Divina*

Bagian ini menggambarkan tingkat signifikansi. Dari uji ANOVA atau F-test, didapat F hitung 21,144 dengan tingkat signifikansi sebesar 0,000. Karena probabilitas atau tingkat signifikansi ini (0,000) lebih kecil daripada 0,05, model regresi ini bisa dipakai untuk memprediksi tingkat perkembangan spiritual seseorang. Dengan kata lain, tingkat penghayatan *lectio divina* berpengaruh terhadap tingkat perkembangan spiritual.

a. Dependent Variable: Perkembangan Spiritual

Bagian ini menggambarkan seberapa besar koefisien regresinya.

- Persamaan regresi yang diperoleh sebagai berikut:

$$Y = a + bX$$

$$Y = 46,142 + 0,757X$$

- Konstanta sebesar 46,142 menyatakan bahwa jika seseorang melakukan *lectio divina*, perkembangan spiritualnya sebesar 46,142.
- Koefisien regresi 0,757 menunjukkan bahwa setiap seseorang melakukan *lectio divina* dengan baik bertambah +1 poin maka perkembangan spiritualnya akan bertambah 0,757 poin.
- Uji-t digunakan untuk menguji signifikansi konstanta dan variabel independen.

Hipotesis yang dibangun sebagai berikut:

$H_0$  = Koefisien Regresi Tidak Signifikan

$H_i$  = Koefisien Regresi Signifikan

Pengambilan keputusan berdasarkan probabilitas (kolom Sig.) sebagai berikut:

Jika  $Sig. > 0,05$  maka  $H_0$  diterima

Jika  $Sig. < 0,05$  maka  $H_0$  ditolak,  $H_i$  diterima

Dapat dilihat bahwa pada kolom Sig. untuk ketiga variabel tersebut, yaitu konstanta = 0,10 dan *lectio divina* = 0,000 mempunyai angka signifikansi < 0,05. Dengan demikian,  $H_i$  diterima atau dengan kata lain variabel *lectio divina* signifikan mempengaruhi tingkat perkembangan spiritual seseorang. Hal ini terjadi karena data-data yang ada memang menunjukkan hal tersebut.
